## Career Objective

---

Dedicated Front-End Web Developer with a passion for creating visually appealing and user-friendly websites. Leveraging a strong foundation in HTML, CSS, and JavaScript, I am committed to delivering high-quality web experiences that meet both user needs and business objectives. Skilled in responsive design, cross-browser compatibility, and web performance optimization, I am eager to contribute my technical expertise and creativity to a dynamic team in a collaborative and innovative work environment.

## Educational Qualification

---

- Pursuing Bachelor of Technology in Computer Science and Engineering from **Graphic Era Hill University**.
- Intermediate from **M.R Scindia Public School** in 2021.
- High School from **M.R Scindia Public School** in 2019.

## Internship

---

**Name of Organization:** CodSoft

**Position:** Front-End Web Developer

**Duration:** 10-09-2023 to 10-10-2023.

### 1. Project: Redesigned Company Website Portfolio

Responsible for redesigning the company's website to improve user experience and visual appeal. Utilized HTML, CSS, and JavaScript to create a responsive and modern design. Implemented a mobile-first approach to ensure the website was accessible on various devices. Achieved a 20% increase in user engagement and a 15% decrease in bounce rate after the redesign.

### 2. Responsibilities:

1. Collaborated with the design team to convert mockups into functional web pages. Conducted cross-browser compatibility testing and resolved compatibility issues.
2. Ensured web accessibility compliance by implementing ARIA roles and semantic HTML.
3. Participated in daily stand-up meetings to discuss project progress and challenges.
4. Assisted in maintaining and updating existing web pages, resolving bugs, and optimizing performance.

## Technical Knowledge

---

- **Programming Languages:** C, C++, Java, Python.
- **Web Development:** HTML, CSS, JavaScript, Bootstrap.

## Technical Certification

---

1. Full Stack Web Development Certification Course from **Udemy** in 2023.
2. Network Security and Ethical Hacking Course from **CISCO** in 2022.

## Technical Project Undertaken

---

1. **Project Title:** Grocery Shopping Web App  
**Description:** A grocery shopping web app created HTML, CSS and JavaScript technologies offers users a seamless and convenient way to browse, select, and purchase groceries online.  
**Link:** [Grocery Store \(guptaprateek112.github.io\)](https://guptaprateek112.github.io)
2. **Project Title:** Amazon Landing Home Page Clone  
**Description:** Fully responsive landing home page with 90% cloning accuracy created using HTML, CSS and JavaScript and Bootstrap.  
**Link:** [Amazon.in \(guptaprateek112.github.io\)](https://guptaprateek112.github.io)
3. **Project Title:** Weather Forecasting Web App  
**Description:** The user-friendly weather forecasting web application. This web application forecast weather, temperature and wind conditions of different cities.  
**Link:** [Weather \(guptaprateek112.github.io\)](https://guptaprateek112.github.io)
